Mr. Naveen Kumar
Whole Time Director

Mr. Naveen Kumar (DIN: 08743772), aged 46 years, has been associated with the Company since March 2020 and serves as its Whole-time Director, with primary responsibility for overseeing and managing the Company's manufacturing operations. He holds an academic qualification up to the Senior Secondary level and brings over six years of experience in the manufacturing sector, supported by his prior association with Mahalaxmi Industries, a reputed manufacturer of brass burners for gas stoves.

Mr. Naveen Kumar possesses practical experience in manufacturing and production management, with a strong understanding of manufacturing processes, operational coordination and quality control. In his role at the Company, he contributes to the effective management of day-to-day manufacturing activities, strengthening production processes, improving operational efficiency and maintaining consistent product quality. His industry experience and hands-on understanding of manufacturing operations support the Company's production capabilities and operational objectives.

Through his continued association with the Company, Mr. Naveen Kumar has played an important role in overseeing manufacturing activities and supporting the smooth functioning of production operations. His practical expertise, operational involvement and commitment to maintaining quality standards make him a valuable member of the Board, contributing to the Company's manufacturing performance and continued operational development.
