PERFORMANCE NOTE FOR INVESTORS

Q1 of this financial year was completely disappointing due to Covid-19 lockdown, Q2 has been a period for robust recovery.

Further, overcoming the challenges of supply chain in Sept 21& Oct 21, the company has achieved its highest production in chimneys during both these months.

During Sept 21, company produced & dispatched 9023 chimneys whereas in Oct 21, we achieved a production & dispatched 10601 chimneys.

We would continue to grow at a substantial pace thereby achieving a production/dispatch target of 16 - 18000 chimneys by March 2022.

The growth in last few months over previous months is as under:

Aug 2021-42%

Sept 2021-29%

Oct 2021-18%

Our 2nd unit in Hyderabad is under planning and implementation stage. The timeline for commencement of production at Hyderabad is subject to allotment of land by Telangana Government and we are determined to continue our strong growth in Calendar Year 2022.
